# Why do I need a safe?

PEACE OF MIND
When fire or natural disaster strikes, get your family to safety knowing that your documents and valuables are safe.

PROTECTION AND ORGANIZATION
Safeguard your **important and irreplaceable** items, such as birth certificates, cash, jewelry, property titles, contracts and passports. Organizational features ensure that you can find these documents/items when you need them.

Why choose SentrySafe?

- World leader of safes
- Proven protection
- Top of the line quality
- Over 100 models to fit your needs
- Excellent after-sales service
- BEST VALUE FOR MONEY

CLASSIFIED UL ® — UL (USA) fire tested

Fire Protection Certified by RISE — SP your Science Partner

ETL VERIFIED — Intertek — ETL Verified water protection

AFTER FIRE REPLACEMENT GUARANTEE

What type of protection does SentrySafe offer?

SECURITY
Basic
Privacy key lock deters unwanted access and is not intended for tool attacks.
Moderate
Durable, solid-steel construction and a tether cable provide moderate protection against brief attacks.
High
Solid-steel construction, pry-resistant door/body and heavy duty locks provide higher protection against tool attacks. Many models are California DOJ certified for firearm storage and protection.
Maximum (Max)
For maximum protection these safes offer 2-4 live-locking bolts, solid steel construction and pry-resistant hinge bars to help provide additional protection from forced entry. Select models include dead bolts, anti-drill door and loud audible alarm for unauthorized access attempts.

FIRE
½ HR, 1 HR and 2 HR Fire Ratings
Indicates how long internal temp. stays cool enough to protect paper and valuables from damage during a fire
Media Protection
Provides additional protection for sensitive digital storage equipment

WATER
Waterproof (WP)
Can be submerged in water for up to 72 hours
Water Resistant (W-R)
Can sit in up to 8 inches of water for 24 hours
